STRATEGIC PLAYBOOK

Turn the findings into action

Boost Subscriptions

Promote exclusive benefits and tailored perks to convert 2,847 non-subscribers and elevate transaction frequency.

Reward Repeat Buyers

Engage the 3,116 loyal repeat customers through loyalty programs and dedicated tier rewards, especially the 2,518 frequent buyers without memberships.

Protect Margins & Promote Stars

Review discount policy to preserve margin, while spotlighting high-rated (gloves, sandals) and best-selling (jewelry, blouses) lines.

METHODOLOGY & GOVERNANCE

Analysis and data preparation

Data pipeline architecture and analytical boundaries supporting the business findings.

DATA CLEANING

Pipeline Scope

Processed **3,900 rows** across **18 columns**. 37 missing review ratings were systematically imputed using category medians to maintain distribution integrity.

TECHNOLOGY STACK

Analytics Infrastructure

End-to-end data preparation conducted in **Python**, core relational queries and aggregations in **MySQL**, and visualization in **Power BI**.

INTERPRETATION

Analytical Guardrail

Findings represent descriptive associations within the observed transaction dataset, not evidence of direct causal effects.
